Impact Aid Infrastructure Tweets

- Congress should invest in #ImpactAid infrastructure! The Federal government has an obligation to ensure federally connected students have safe, healthy, modern places to learn.
- Since the Federal government owns land in our district, they should support our schools like other property owners.
- K-12 schools are the nation's 2nd largest infrastructure sector. The needs of #ImpactAid districts are tremendous and unique – @YourElectedOfficial support HR 3647 to provide critical funding to fix these schools
- A @NAFISschools study found \$4.2 billion in pressing infrastructure needs in #ImpactAid districts. HR 3647 would provide \$1 billion to help address these problems. @YourElectedOfficial, please support this bill!
