

APPLY TODAY!

\$5,000 Grant for Educators

Calling all teachers, school counselors, principals, librarians and other educators who have a good idea for a project but not the budget to implement it!

Good Idea Grants support projects that address at least one of three target areas: **student academic needs, updated and innovative curriculum, and/or student social and emotional wellness.**

These grants are offered by the Federally Impacted Schools Educational Foundation (FISEF, the foundation of NAFIS, the National Association of Federally Impacted Schools). Any educator who works for a NAFIS-member school district is eligible to apply.

Grants fund a wide range of projects, including outdoor classrooms, coding curriculum, art activities, pre-K readiness, bridge-building modules and much, much more.

**Applications are due
December 15, 2018.**

Three grants of up to \$5,000 each will be awarded in January 2019.
